

## Metabolic Code Quest Lab Panel Breakdown

Silver, Gold, Platinum | Female & Male (Last Updated November 2021)

In this document you will find a breakdown of the Metabolic Code Quest Lab Panels that can be ordered through the Metabolic Code platform and integrated into the Metabolic Code Report.

We offer Silver, Gold, and Platinum Lab panels for males and females. You can see the differences in the lab packages in this document.

Only cash pricing is listed in this document, which can only be guaranteed if the patient pays at the time of service. These prices are subject to change. The latest price will be listed in the system when you select the lab panel.

We do not pre-authorize insurance. It is the patient's responsibility to pre-authorize coverage. Please refer to the financial agreement in your Docusign packet for more information.

Requisitions:

- Patients must bring a printed copy of the requisition with them to a Quest draw center
- If drawing in-office please print the requisition and write the DOC (date of collection) & the TOC (time of collection before submitting to Quest. (See the <u>Metabolic Code® Knowledge Base</u> for more info)
